

HELP FOR OUR HEROES

Pennsylvania Masons support our military, both home and abroad, as well as their families, with various needs. In addition to military baby showers that provide new families with essentials for their child's first year of life, we have provided support for families at military bases, including telemedicine, special events and outings; adaptive bicycles for veterans with injuries; improvements to veterans' homes; support of veterans courts and renovations needed by families of our military men and women serving overseas.
